Current Living Conditions

CRITICAL

The **Javier Vivenes** Family has struggled to find the resources to build a new house . The father picks up odd jobs as a mechanic in hopes of earning enough money to feed his family. The mother does not work, but is busy with her two children. Their son, Francisco, was born deaf and no longer attends school so she has to give extra attention to him. Even through their struggles they are a happy family and they await their new home with excitement.

Current house – March 2015
